4. Participant information

4.1. All changes will be announced on the race information billboard, and it will be the responsibility of the participants to stay informed. The official website of the race will also have an informative poster to keep up to date with all the latest news and on the competition's social network.

5. Race procedure

5.1. This competition follows the general regulations of the UCI and the specific regulations of Mountain Bike of the UCI.

5.2. After each stage, the results of the stage and the general classification will be published on the official website of the race and on the information billboard.

5.3. The starting box area will open 20 minutes before departure time.

5.4. The starting order will be according to the general classification of the competition.

5.5. Five minutes before the start time, access to the start area will be prohibited and the participants that are added will be placed at the end of each of the start groups.

5.6. No participant can join the race once the official start has been given, unless a commissioner allows it. Participants who start after the official start will be considered DNS (Did Not Start).

5.7. Any breach of the regulation will mean the disqualification of the participant in question.

5.8. Participants who are no longer part of the official classification may continue to participate in the event in a non-competitive manner, as long as it does not influence the development of the competition. In case of not respecting this rule, they will be expelled from the race, without the possibility of continuing.

6. Cutting times

6.1. Court hours. The organization establishes a cutting speed, which may be applied if necessary. The established median is 10 km/h and it will be established whenever the organization deems it necessary.

7. Departure neutralized

7.1. For security reasons, the start of any stage can be neutralized. The start will be led by an official vehicle of the race. After the race director gives the start to the stage, the participants can start competing.

7.2. When the official car has reached the end of the neutralized section, it will stop to one side to indicate the end of the neutralization.

7.3. During the neutralized start it is forbidden to overtake the vehicle leading the start.

8. Track

8.1. This route will be duly signposted with markings, especially at conflictive points, such as crossroads or streets.

8.2. The route will be marked and properly controlled by the authorities, the participant will have to keep an eye on the tracks as it may be possible that there is an authorized vehicle in circulation.

8.3. The route includes demanding climbs and sections with technical descents. It is the responsibility of the participant to decide which section is cyclable. The organization is not responsible for the abilities or fitness of each of the participants.

8.4. During the tour there are checkpoints.

8.5. At the control points, a commissioner will write down the bib number of each participant and his time.

8.6. Skipping a control point will mean the disqualification of the participant in question.

8.7. Not following the indications in a segment will mean the disqualification of the participant in question.

8.8. The abandonment of the route established by the organization will mean the disqualification of the participant in question.
