PRESENTATION

For those passionate about mountain biking, nature and trails that seem to have no end, the Volcat is much more than a race: it is an adventure that is lived among companions and friends, full of unforgettable moments that will remain etched in your memory forever. Since 2004, this has been the guiding philosophy behind the event.

The Volcat is an experience for everyone, where both the most competitive and leisure lovers will find their place. You can live it alone or as a couple, choosing between the PRO or OPEN categories. The important thing is not only to pedal, but to live a unique and exciting experience!

The Volcat Iguualada 2025 promises three spectacular stages that will thrill cycling enthusiasts. Participants will have the option to live the full experience or to challenge themselves in one or two stages. Only those who complete all three stages will be awarded the prestigious title of Finisher.

CHARACTERISTICS

UCI Category: XCO C3 (friday and sunday)

Year: 2025

Stages: 3 stages

Single venue in Igualada

3 MTB stages with the best specialists in the discipline on the planet. A UCI C3 category event, an event that will bring together world stars in Igualada, without leaving aside the amateur challenge of overcoming the different stages and becoming a finisher of the classic event.

As is tradition, the stage race will take place during the Easter holidays, making it the ideal plan for a holiday with friends or family.

ELIMINATOR

The Eliminator will bring the festival to a close on Sunday, offering a vibrant spectacle full of emotion to bid farewell to an unforgettable weekend. An XCO exhibition with the 30 best bikers (20 men and 10 women) of the VolCat 2025, on a circuit of approximately 600 metres, where there will be several laps and the last rider will be eliminated in each one. A real spectacle of pure mountain biking.
